2. Feedback to the teacher

2.1) What did you like about this course?

- An excellent teacher
- Bester Prof! Erklärt alles sehr gut und verständlich! Gehe sehr gern zu seinen Vorlesungen/Tutorials!
- Content and teacher
- Der Prof hat alles gut erklärt und ist auch auf Fragen der Studies eingegangen, versucht ihnen bestmöglich entgegen zu kommen
- Difficult
- Everything, the lecturer/tutor is very calm and understanding when the students need more help with a problem. He explains very patiently and pays attention to detail! We were very lucky to have him as both a lecturer and a tutor this semester.
- Excellent teacher, the best in mathematics that I have ever had. really understandable, always on time, really serious.
- Gute Erklärungen
- I like that we have the opportunity to cope with difficult maths problems, but I believe for Maths is needed a bit more time in order to understand and to remember the whole study material. What i mean is that it is kind of difficult to prepare to solve tasks of so many branches of mathematics and understand them well enough for a good mark at the exam.
- I'd like to thank you. You were really the best teacher I ever had. With your patience and your way to motivate to learn. I proud of having you.
- Mir hat es sehr gut gefallen dass der Lehrer die Lösungen auf A4 Papiern für uns schreibt und erklärt und auch diese Erklärungen schreibt. Dadurch haben wir die Möglichkeit im Nachhinein nachzugucken weil die Notizen nicht auf die schnelle sondern auf korrekter Art und Weise geschrieben sind.
- Pleasant and coherent presentation.
- Sie bringen den Stoff sehr interessant rüber. Sie sind sehr sympathisch und einer meiner Lieblingsprofessoren an dieser Uni. Man merkt, dass Sie sich wirklich viel Mühe geben.
- The explanation is very good
- The professor explains clearly and effectively
- The way that it is structured and that it is separated in two parts each - 1:30 hours.
- Tutorials are perfect to train
- Well structured and all information is fair for the course. It is challenging but with practice and adequate time studying the material is learnable. I think overall this is a good course and good professor
- der Lehrer ist Stehr sympathisch
- i enjoyed the lectures

2.2) In your opinion, what could the lecturer actually improve on this course?

- A level more small
- Deeper explanation of the longest exercises and if it possible discussing more often the possible exercises for the exam.
- Die Vorlesungen/Übungen aufnehmen, da sich viel mit den Sprachkursen überschneiden hat.
- Explain each individual step a bit more in detail
- Mir fällt nichts ein
- More practice maybe?
- Nothing, everything is perfect.
- Nothing, he is perfect! <3
- Nothing, he is the best in this field :)

- The slides could be clearer, gives more example and clarify the process to solve equations
- The teacher is adequate
- The way he is teaching us. It is perfect.
